CONSTANTINE TO RECONSTRUCT SALONIKI.

Athens, Dec. 27 (Special cable to Jewish News Service.)—In a proclamation to the Jews, the mayor of Saloniki announces in the name of King Constantine that the latter will reconstruct the city and also grant money to erect Hebrew schools.

BAVARIA GOVERNMENT IS AGAINST ANTI-SEMITISM.

Munich (Jewish News Service.)—Having finally come to the conclusion that anti-Semitic pogroms agitation is dangerous for Bavaria itself, the government has now taken steps to combat the anti-Semitic movement.

An order was issued to all police officials not to permit the distribution of anti-Semitic proclamations urging hatred of Jews. The same rule applies to the conduct of the police at meetings where anti-Semitic propaganda is readily to be resorted to.

As a last step the government decided to confiscate an anti-Semitic

book entitled "The Jew of the Nineteenth Century."

Since the defeat of the Bolsheviki in Bavaria, a tremendous anti-Semitic propaganda has been going on in the country, and it looked as though Bavaria would follow the footsteps of

Hungary. Now the government has come to the conclusion that such agitation would not help it in any way and would not tend to promote peace and order in the country, and therefore undertook the above steps to check the growth of anti-Semitism.

THE TALMUD IN ENGLISH

Original Text Translated, Formulated and Edited
By MICHAEL L. RODKINSON

TO WHICH IS ADDED
THE HISTORY OF THE TALMUD

THE TALMUD has been in Jewish households for centuries "their lecture room, their library, their newspaper, their studio, their one-in-all." And yet the work has hitherto been difficult for even Hebrew scholars to read because the original text is unpunctuated, and consists of Hebrew and Aramaic consonants with not a vowel in the entire work. This English edition, though preserving intact the legends, laws, commandments, prayers and discussions of the original version, presents them coherently. It keeps close to the original text while using forceful English. Repetitions and arguments unessential to the point at issue have been omitted. Rashi's Commentary is also translated.

Jewish Monitor:

Enclosed find \$50.00 for which send me the 10-volume Babylonian Edition of THE TALMUD IN ENGLISH, including the History of the Talmud.

The HISTORY of the TALMUD, included in this edition, is a complete work in itself. It is a narrative of the Talmud's unique production, and the many persecutions it received until recently, including its burnings at the stake. It will delight every student of history.

A full history of the Talmud has never before been published in any European language.
